ひかり Wi-Fi トライアル KANAZAWA

Kanazawa Hikari Wi-Fi Trial Service   SSID : Kanazawa_wifine

Wi-Fi Connection Instructions

This service provides information about sightseeing in Kanazawa, nearby facilities, and events.
Please follow the below instructions to connect to the network if you have a smartphone with Wi-Fi capabilities.

For Android Smartphones

※ Menus and screen displays may differ by device.

1 Pushing your device's home screen menu will bring up the options menu.

2 Select the "settings" icon located in the bottom right.

3 Select "Wireless networks"

4 Select "Wi-Fi Settings"

5 Checking "Wi-Fi" will enable it.
Select "Kanazawa_wifine" from the wireless network list,
Wait for a moment while the network connects.

6 This mark will be displayed in the top part of your screen when you have successfully connected.
On the wireless network list, "connected" will appear under "Kanazawa_wifine"
Push the home button to close the settings menu.
When you open your web browser to access a website, you will be connected to the following login screen.

For iPhones/iPads

1 Select the settings button from your home screen.

2 Select the "Wi-Fi" menu.

3 Sliding "Wi-Fi" to on will enable it.
Select "Kanazawa_wifine" from the wireless network list,
Wait for a moment while the network connects.

4 This mark will be displayed in the top left hand of your screen when you have successfully connected.
A checkmark will appear next to **Kanazawa_wifine** in the Wi-Fi network list.
Push the home button to close the settings menu.
When you open Safari to access a website, you will be connected to the following login screen.

For first time users, you must complete a "new user registration." Please follow the instructions that appear on screen.
